G1 PRO

Go Digital

with the **Staht Connect**
digital reporting app

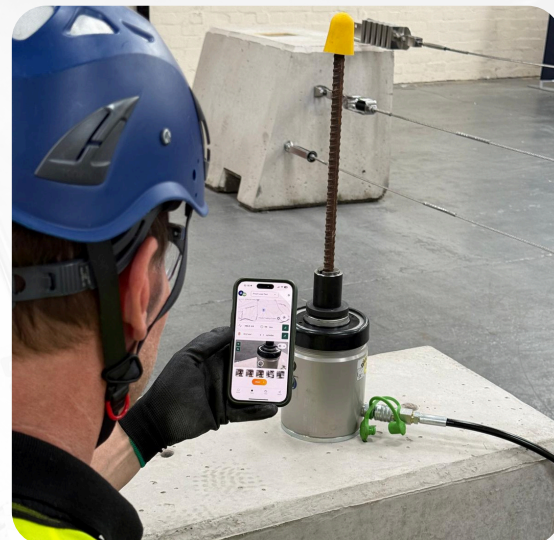

Digital Bluetooth Hydraulic Pressure Gauge

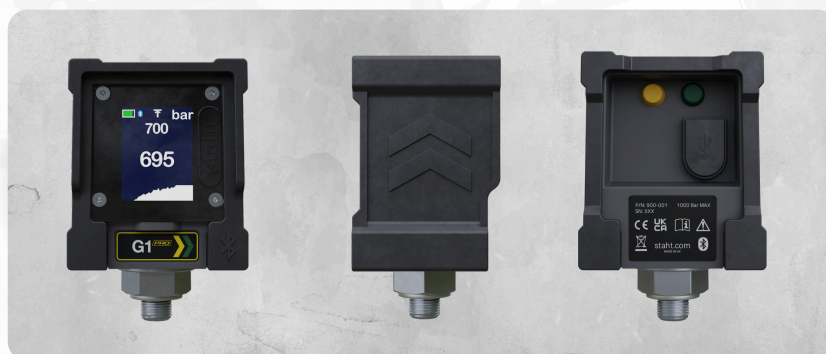

Introducing the G1 PRO, engineered to be the most flexible digital gauge on the market. The Staht App removes the burden of manual calculations and post-job data management entirely. Its breakthrough feature? A comprehensive cylinder library that performs instant, job-specific calculations, a level of adaptability that fixed gauges can't deliver. From a single device, address every high-pressure testing scenario you encounter.

Key Features

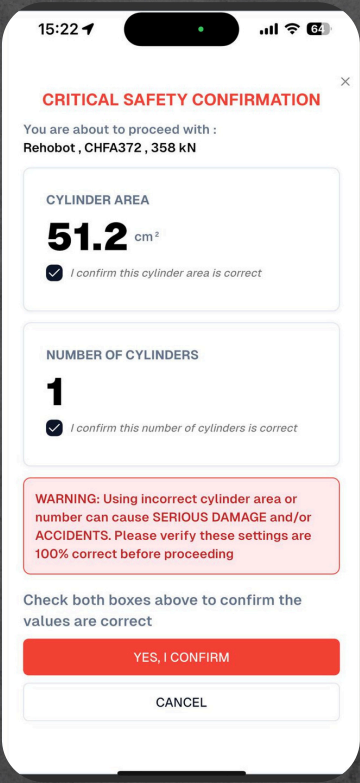

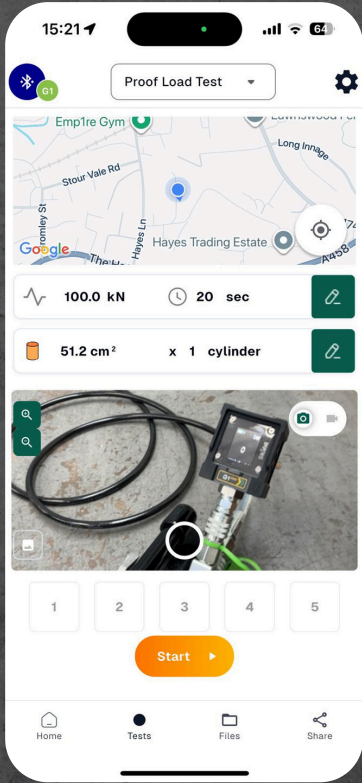

- ✓ Calibrated 1000 Bar digital pressure gauge (UKAS traceable)
- ✓ High accuracy: 0.25% Full Scale
- ✓ G 1/4" connection with seal washer included
- ✓ Bluetooth connectivity with Staht App
- ✓ Programmable cylinder sizes
- ✓ Compatible with male or female quick connect fittings
- ✓ Supplied in protective case with foam insert
- ✓ Works seamlessly with Staht Heavy Duty Test Kit and equipment from leading manufacturers including Rehobot, Enerpac, Holmatro, High Force, and Power Team
